

Science For A Better Life

Investor Handout

August 2015

This presentation may contain forward-looking statements based on current assumptions and forecasts made by Bayer Group or subgroup management. Various known and unknown risks, uncertainties and other factors could lead to material differences between the actual future results, financial situation, development or performance of the company and the estimates given here. These factors include those discussed in Bayer's public reports which are available on the Bayer website at www.bayer.com. The company assumes no liability whatsoever to update these forward-looking statements or to conform them to future events or developments.

Figures for 2012 have been restated due to changes in accounting policies relating to the accounting standards IAS 19R ("Employee Benefits") and IFRS 11 ("Joint Arrangements"). In addition, Bayer changed accounting for the stock-based compensation program.

Disclaimer

Consumer Health	Mid single-digit % increase	Mid-thirties % increase
CropScience	Low single-digit % increase (previously: low- to mid-single digit %)	Mid- to high-single digit % (previously: Low-to mid-teens %)
MaterialScience	Lower sales, as volume growth is over compensated by lower selling prices	Significant increase CFROI ≥ WACC

The New Bayer

4 Key Elements Constitute Our Successful Strategy

1. Deliver growth and performance

Fast-Growing Global Pharma Business

Sales

€ billion; Δ% yoy Fx & portfolio adj.

Plans for continued growth

- Maximize the value of launch products
- Drive commercial excellence in marketing and sales
- Advance early and mid-stage pipeline
- Achieve phase III readiness for key phase II assets by mid-2016
- Explore opportunities for partnerships, open innovation and bolt-on acquisitions

Pharma Launch Products Drive Growth: Combined Peak Sales Potential of \geq €7.5bn

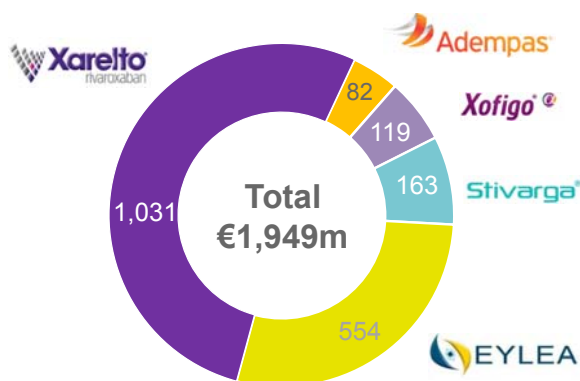

Collective Sales

€ billion

H1 2015 Individual Sales

€ million

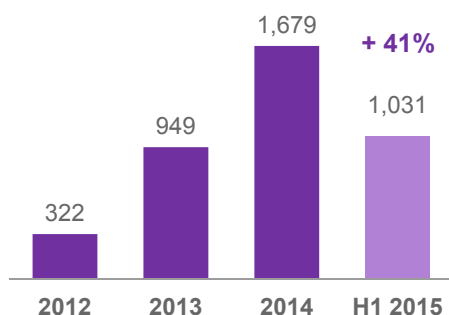

Xarelto – Leading Novel Anticoagulant

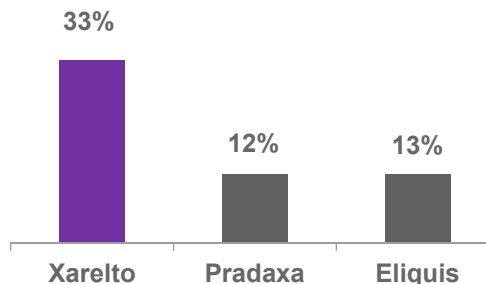

Sales

€ million; Δ % Fx adj.

Global Market Sales Share*

- Continued dynamic growth: gaining 5%-age points market share yoy and 1%-age point sequentially since year end 2014
- ~14 million patients treated to date
- Comprehensive Life-cycle management program including peripheral artery disease and chronic heart failure

✓ **Peak sales potential of ~€3.5bn reiterated**

Eylea – Gaining Share in Key Markets

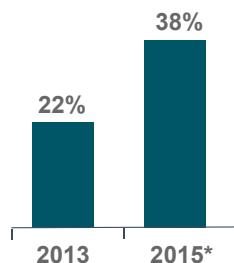

Sales

€ million; Δ% Fx adj.

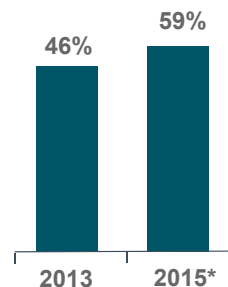

Europe

5 main countries + Switzerland

Japan

- Successful roll-out, 2014 sales more than doubled
- Significant label expansion achieved. New indications approved: DME, mCNV and RVO
- Life-cycle management incl. combination therapy with PDGFR-β antibody**

✓ **Peak sales potential of ≥ €1.5bn reiterated**

DME: Diabetic macula edema
mCNV: myopic Choroidal neovascularization
RVO retinal vein occlusion

Marketed by Bayer ex-US only

*Sales market share, May 2015

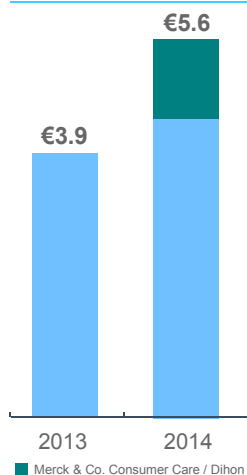

**in collaboration with Regeneron

Leveraging Potential of OTC Leadership

Consumer Care Sales

€ billion; 2014 pro forma

Achievements

- Strong #2 position
- Track record of outperforming market growth
- Success in long-term brand building
- Highly complementary acquisitions, incl. Merck & Co. Consumer Care

Plans for continued growth

- Globalize established brands
- Launch innovation pipeline
- Execute Emerging Markets focus strategies
- Fully realize synergy potential from acquisitions
- Target strategic acquisitions and alliances

ASPIRIN

Claritin

Bepanthen

Dr.Scholl's

ONE DAY

Alka-Seltzer

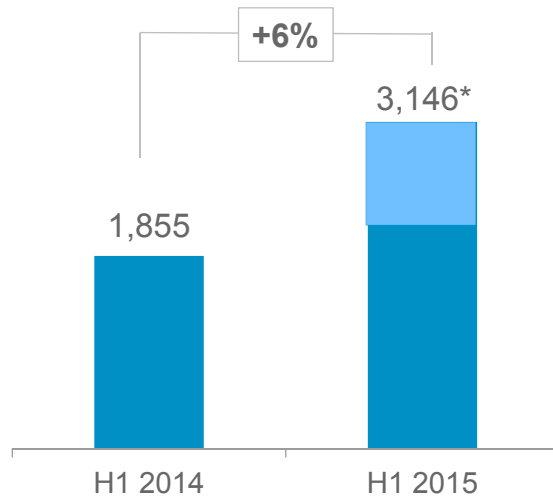

Coppertone

H1 2015 – Consumer Care: Generated Strong Growth

Sales

€ million; Δ% Fx & portfolio adj.

Performance key brands

Δ% yoy, Fx adj.

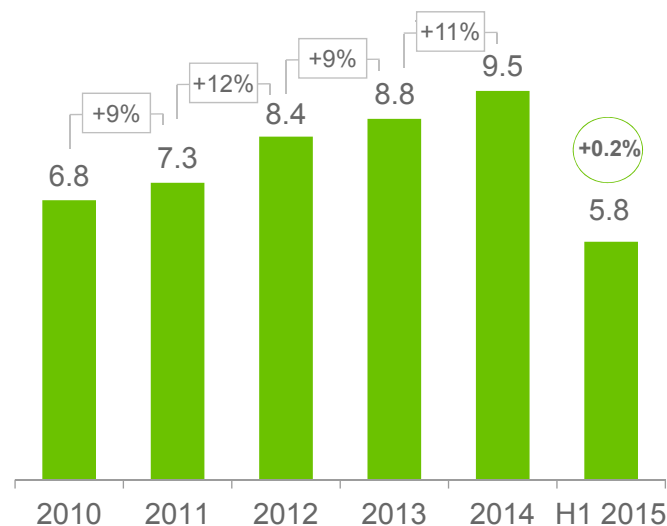

H1 2015 – CropScience: Steady After Four Exceptional Years

Sales

€ billion; Δ% Fx & portfolio adj.

Plans for continued growth

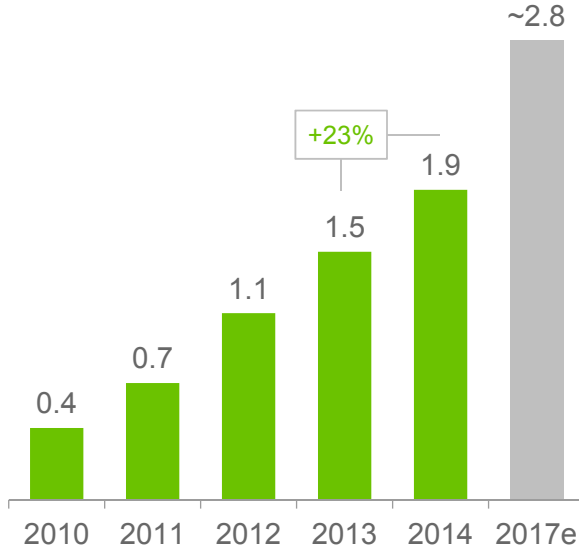

- Strengthen portfolio through focused and integrated crop solutions
- Drive commercial excellence in marketing and sales
- Drive new product growth, invest in life-cycle management
- Expand seeds portfolio by building business in soybeans and wheat

New Products Drive Growth at Crop Protection

New product sales

€ billion; new CP products launched since 2006; Δ% nominal

By segment

New products generated nearly 70% of absolute sales growth at Crop Protection

2. Develop new growth opportunities

Confidence in Our R&D Investments

R&D 2015e: >€4.0bn +10% yoy

Achievements

- 26 successful phase III clinical trials at Pharma since 2010
- Strengthened brands through multiple line or product introductions in Consumer Care
- Launched 12 active ingredients between 2006 and 2014 in CropScience

Pharma R&D Focus Areas

Research and Early Pipeline

- Cardiology / Hematology
- Oncology
- Additional areas incl. Ophthalmology

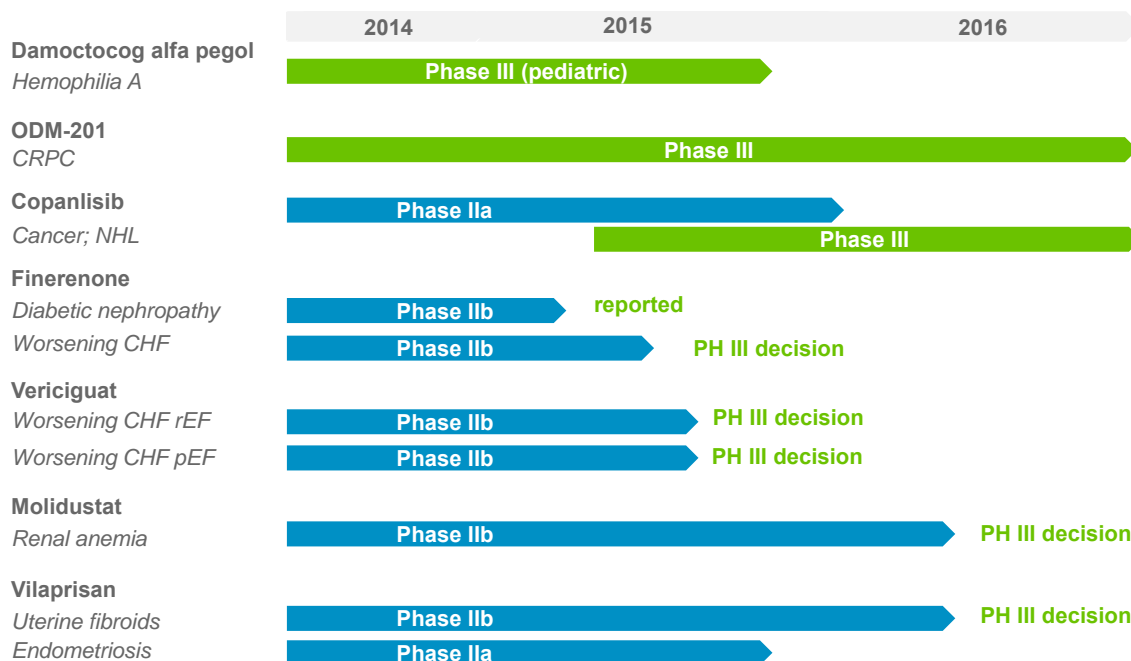

Mid- and Late-stage Pipeline Projects

- Damoctocog alfa pegol
- ODM-201
- Copanlisib
- Finerenone
- Vericiguat
- Molidustat
- Vilaprisan
- ISIS-FXI_{Rx}

Life-cycle Management

- Xarelto (Rivaroxaban)
- Eylea (Aflibercept)
- Xofigo (Radium-223 dichloride)
- Stivarga (Regorafenib)
- Adempas (Riociguat)

Mid- and Late-Stage Pharma Pipeline Progressing – Current Timelines

CropScience Innovation Pipeline 2014-2019 with Combined Peak Sales Potential > €5bn

New launches		Planned launches*			
2014	2015	2016	2017	2018	2019
Verango/Velum Nematicide	Sivanto Insecticide	Disease control New mixture / formulation	Pest control New active ingredient	Weed control New mixture / formulation	Pest control New active ingredient

3. Execute Portfolio Transformation

- Integrate acquired businesses
- Exit MaterialScience businesses
- Adjust Group structures to reflect Life Science focus

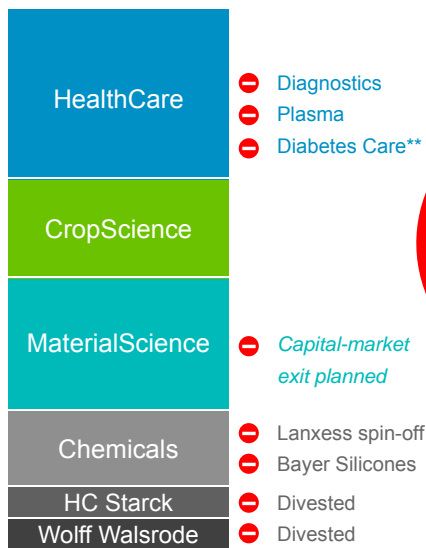

Transforming Into a Pure Life Science Company

Transaction Volume >€48bn Since 2004*

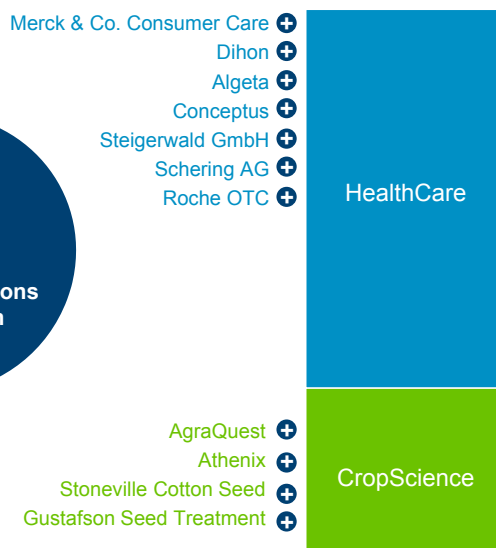

Major examples only

2003 Sales €28.6bn

Pro-Forma 2014 Sales ~ €31bn

Life Science Transformation on Track

Demerger of MaterialScience

- Targeted time frame for capital-market exit: **latest mid-2016**
- Timing, structure and exit options depend on market environment; **decision 2H 2015e**
- Potential proceeds re-invested in the business/ reduction of net debt

Merck Consumer Care Integration

- Integration progressing as planned
- Synergy tracking and integration teams in place
- Confirmed 2017 synergy targets:
 - USD400m** top-line
 - USD200m** cost-synergies by 2017

Exit of Diabetes Care

- Divestment for total consideration of ~€1,022m
- Closing expected in Q1 2016

4. Delever balance sheet and use cash efficiently

Efficient Use of Cash

Fuel organic growth

- CapEx budget 2015 ~€2.3bn PP&E
- R&D 2015e: >€4.0bn

Pay down debt

- Maintaining single-A credit rating category
- Potential proceeds from MaterialScience exit and Diabetes Care divestment

M&A

- Organic growth complemented by bolt-on acquisitions

Dividend policy

- Pay out 30-40% of core EPS

Summary

The New Bayer – A World-Class Life Science Company

Performance

- Fast-growing global pharma business
- Leveraging potential of OTC leadership
- Gaining market share in CropScience

Capabilities

- Excellence in R&D and commercialization
- Leveraging leading brands with decade-long brand equity
- Superior emerging-market presence

Value

- Progressing innovation pipeline
- Setting trends in research-intensive areas in the field of human, animal and plant health
- Leveraging sales growth into value creation
